ABOUT | THE RETREAT II

The Retreat II is what happens when cozy and roomy shake hands and agree to be best friends. With 3 bedrooms, 3 bathrooms, and 2,745 square feet of “finally, we don’t have to fight over the bathroom,” this log home gives you space to stretch out without losing that warm, log cabin hug. The loft? Great for reading, lounging, or pretending you’re writing a novel. And the wraparound porch? It’s basically a front-row seat to every sunrise, sunset, and squirrel doing something suspicious. Slow mornings, quiet nights, and room for everyone—The Retreat II doesn’t just feel like a getaway. It feels like you finally made it.
